

# M1GZ04

— EU ZIGBEE 1-GANG WALL SWITCH

|                   |                                        |
|-------------------|----------------------------------------|
| RATED VOLTAGE     | 250V AC                                |
| RATED CURRENT (R) | 3.6A per gang                          |
| RATED CURRENT (C) | 1.8A per gang                          |
| RATED POWER (R)   | 800W                                   |
| RATED POWER (C)   | 400W                                   |
| OPERATING VOLTAGE | 100–250V AC                            |
| FREQUENCY         | 50/60Hz                                |
| ZIGBEE FREQUENCY  | 2.412–2.484GHz                         |
| RF CHIP           | EFR32MG21A020F768                      |
| ANTENNA TYPE      | On-board antenna                       |
| WIRELESS RANGE    | ≤20m                                   |
| RELAY             | Yes                                    |
| FIRMWARE          | v1.0.7                                 |
| APP               | Android 4.4+ / iOS 9.0+                |
| STANDBY POWER     | ≤0.5W                                  |
| OPERATING TEMP    | –20°C ~ 45°C                           |
| MATERIAL          | PC + ABS + Aluminium + Toughened Glass |
| NET WEIGHT        | 112g (PC) / 117g (Al)                  |
